Fresh Milk: No

If your after a high volume producing workhorse, this is your answer. The Concerto offers an aesthetically pleasing design, along with large capacity in terms of wastage bins, bean hoppers, hot chocolate, soups and other cannisters. The machine can easily do over 500 cups before a refill and with 18 selections, you can tell this machine is an employee favourite.

Machine Name: Koro

Cups of Coffee Capacity: 160 cups before refill required

Number of Coffee Selections: 8

Extra Cannisters: 1 Extra

Fresh Milk: Yes

Smooth and Creamy. That is all you need to say with this machine. Having a state of the art brewer and coffee grinder you don't need to give much more information as to the quality of coffee that this machine can produce.

This machine is perfect to cater for staff 80 -120 people.

Machine Name: Krea

Cups of Coffee Capacity: 160 cups before refill required

Number of Coffee Selections: 10

Extra Cannisters: 2 Extra

Fresh Milk: No

The Krea is a smart and slick designed coffee machine that offers beaned coffee and has the capability of producing 60 coffees an hour. The machine has a state of the art brewer along with one of the most efficient mixing bowls, thus making high quality coffees with every selection.

Machine Name: Karisma (Rental Needed)

Cups of Coffee Capacity: 320 cups before refill required

Number of Coffee Selections: 18

Extra Cannisters: 1 Extra

Fresh Milk: Yes

Have you met your personal barista? That's what it feels like with this coffee machine. The machine holds two different types of beans, thus giving office staff members a choice between different blends of coffee. Furthermore the Karisma boasts to its customers the choices of fresh milk, adjustable coffee strength, sugar and various types of coffee. This machine is the Rolls Royce of coffee machines.

Machine Name: Franke A600 (Rental Needed)

Cups of Coffee Capacity: 280 cups before refill required

Number of Coffee Selections: 14

Extra Cannisters: 1 Extra

Fresh Milk: Yes

If the Karisma is the Rolls Royce, this may as well be the Aston Martin. Very similar in the design and quality of coffee produced.
