# POPULAR VENDING MACHINES

## COMBO, SNACK AND DRINK VENDING

**Tango** is Necta's passion for smart vending solutions. The brand new Snack and Food vendor, which will charm you with its flexible allure. Tango, also available in Food version, can offer a wide variety of products such as food, snack, confectionary, cans or bottles - or a combination of all five.

**AMS Vending Machines** AMS vendors are built with state-of-the-art materials and technology. Perfect for Schools, offices, medical centers, and locations

**Vendzone** The YZ-250 and the YZ-550 are one of the more popular machines suitable for thousands of untapped locations around your area right now.

**Crane** is your source for the most innovative, capable and reliable vending machines on the market today. Designed to attract new consumers and equip with the latest tech on the market. The Crane media Ambient would be one of the more popular models on the market.
